

Worksheet 3 *From change equations to tables and time series*

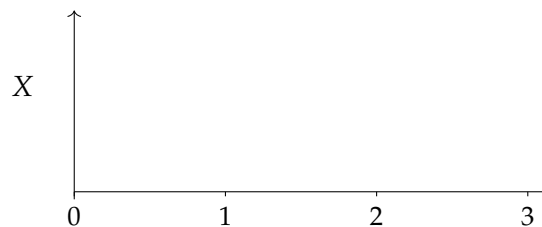

Prepares you for lab manual pages **Flow2 (and IG8)** (section L1 S6)

Name:

Name of TA:

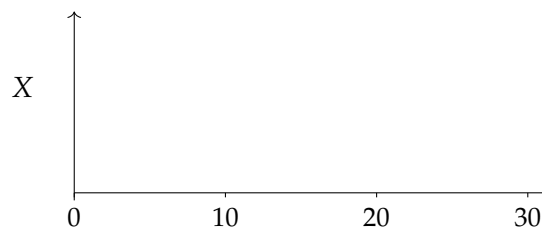

1. At time $t = 0$ the quantity X equals 20. Complete the table and time series if X obeys $\Delta X / \Delta t = 0.2 X$.

t	X	Δt	ΔX	$\Delta X / \Delta t$
0	20			
1				
2				
3				

2. At time $t = 0$ the quantity X equals 17. Complete the table and time series if X obeys $\Delta X / \Delta t = -0.5$. Watch out: here $\Delta t \neq 1$!

t	X	Δt	ΔX	$\Delta X / \Delta t$
0	17			
10				
20				
30				

3. At time $t = 0$ the quantity X equals 20. Complete the table and time series if X obeys $\Delta X / \Delta t = 20 - 0.5 X$.

t	X	Δt	ΔX	$\Delta X / \Delta t$
0	20			
1				
2				
3
